YOUR SECURITY IS OUR PRIORITY

Global Protection Services is a proactive supplier of client focused security solutions with our head office located in Bedfordshire, UK. We have developed a global network employing staff and providing clients with services around the world. Working with businesses of all sizes we have security solutions for every type of organisation whether large or small. Our services are specifically designed to be flexible and customisable so that they exactly meet the needs of our clients.

Client Focussed Security Solutions

The global market for security is changing. Knowing our employees and having complete confidence in their experience is business critical. To meet our customers business requirements we offer a range of security solutions which we are confident will meet and exceed any expectations. Having a high calibre workforce combined with physical measures enables Global Protections Services to deliver a cost effective security service for your business. GPS provide and specialise in Mobile Services, Manned Guarding, Door Supervision, Key Holding, Alarm Response, Event Management, and CCTV.

Mobile Services

Security Officers patrol sites based on clients needs and requirements. Each security officer patrols and performs their duties within a geographical location in which they focus on premise patrol and surveillance, call-out services, opening and closing premises. Our mobile services are an ideal cost effective security solution for small to medium sized businesses.

Key Holding

We offer peace of mind and added security whether it is locking or unlocking an office or building or to act as a first emergency response to accidents or alarm activations.

Alarm Response

Our security officers will respond to all alarm activations ensuring your premises remain safe and secure. GPS Officers will carry out external checks for any type of criminal damage, and will immediately alert the police if there are any incidents of foul play. We provide detailed reports for all of our clients following any alarm activations.

Manned Guarding

GPS offer a fresh and innovative approach to manned guarding which is an ideal security solution for medium to large businesses. We supply professional security services of manned guarding for a variety of businesses sectors. All of our staff are of high standard and are meticulously screened before being considered for a position with GPS.

Event Management

Global Protection Services take great pride in their Event Security Management solutions. At GPS all of our Security Officers are all fully trained in handling all your security requirements. You can trust GPS in ensuring all your events will run smoothly.

Door Supervisor

We provide top quality door staff who possess good interpersonal communication and situational awareness skills. We believe good door supervisors can diffuse any situation before it becomes a problem through using non confrontational techniques as a priority. All of our Door Supervisors hold full SIA licenses and are all fully vetted by the SIA authority and GPS.

Public Space Surveillance (CCTV)

CCTV has become an effective tool in helping to reduce crime such as theft and vandalism. When a crime does occur CCTV recordings provide valuable evidence improving the likelihood of a conviction. Global Protections Services is one of the industry leaders in the provision of PSS CCTV monitoring services. We have UK based centralized control room facilities.
